

Increase in Defibrillators IN WHITTLESEY

A

fter a long break due to the dreaded coronavirus, we feel it is time for Defibrillators For All to restart engaging with our community.

We have increased the number of defibrillators in the town, including placing some in houses.

A message has been sent to all our schools to let them know that we are offering free first aid training to all key stage 2 pupils again. This is something we would like to offer on an annual basis now it is part of the national curriculum.

Several of our childminders have borrowed training defibrillators and the children have practiced doing CPR and using the defibrillator.

We have already started training in the community (again this is free but donations allow us to continue all the good work). More open session will be planned throughout the year.

We have updated all our defibrillators and have new cabinets to replace those that were decaying.

CRY (Cardiac Risk in the Young) is still the only organisation performing heart screening and they have no appointments available at all for us this year. We will try to book as early in 2023 as we can (school holidays have already been booked for the whole of 2023).

Our lottery remains a great source of income for us. If you would like to join please let us know ASAP either by email defibrillatorsforall@gmail.com or on our face book group www.facebook.com/groups/374482

Whittlesey Charity Yard Sale will take place on Sunday, July 31st, 2022 managed by Sandra Donnachie. Jackie Fryett is hosting a 'Queen's Jubilee Tea Party' at the Ivy Leaf on June 1st, 2022.
